

Biomass Projects

Can they be successful?

Engineering company environmental technology solutions
for the Biomass market

- Gas desulphurisation
- Biogas Treatment
- Sludge Treatment
- Nutrient Recovery
- Water Treatment

Biomass Opportunities and Risks

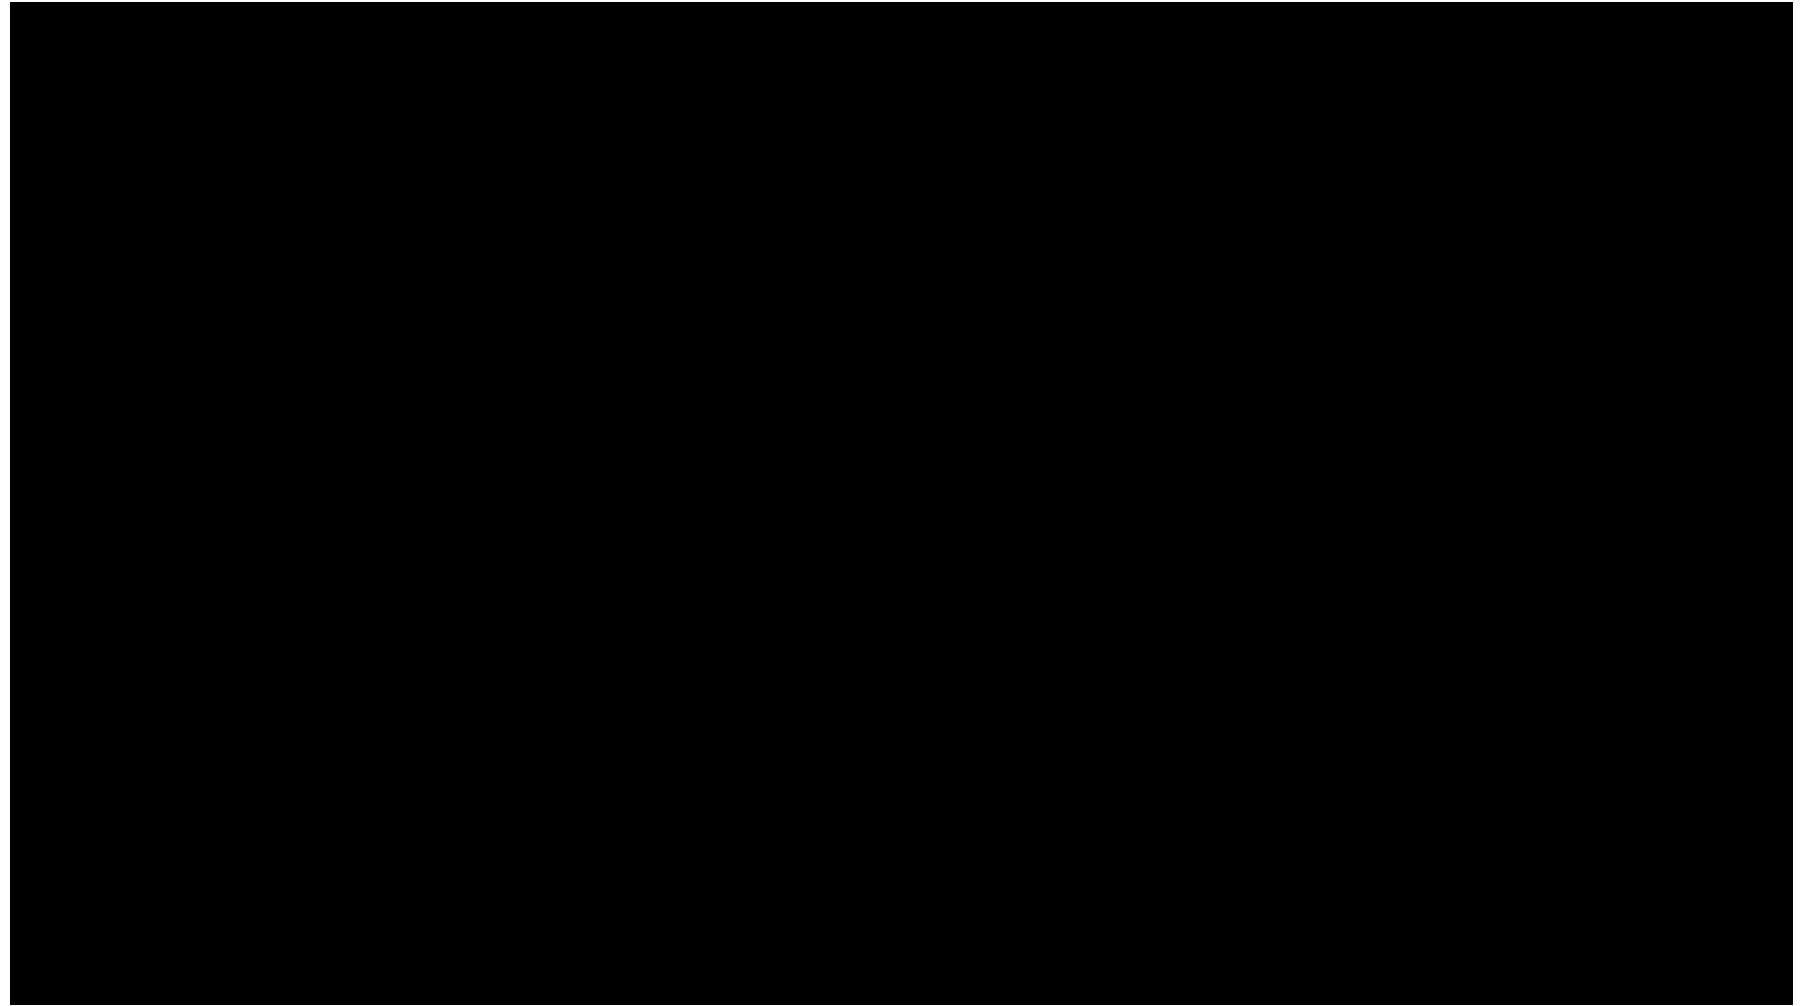

Opportunities

A new economy:

- Energy (electricity & heat)
- Fuels (ethanol, natural gas, ...etc)
- Chemicals (precursors, methanol, ...)
- Plastics
- Resource recovery (fertilizers, metals, ...)
- ...

Risks

- Technology
- Culture / Habit
- Commitment
- Business case / Offtake
- Financing

Summary

- Start with the end in mind
- Cover the base
- Quality
- Long term
- *and...*
